EDUCATION

- Sri Venkateswara University** Tirupati, Andhra Pradesh
Master Of Computer Applications; CGPA: 8.33 2024 – 2026
- APRDC** Guntur, Andhra Pradesh
Bachelor Of Science; CGPA: 8.45 2021 – 2024

SKILLS SUMMARY

- Programming Languages:** Java , Sql.
- Web Technologies:** HTML & CSS, JavaScript , React.js.
- Databases :** MySql , MongoDB .
- Tools:** Git, GitHub .
- Soft Skills:** Analytical Problem Solving, Team Collaboration, Written & Verbal Communication, Adaptability.

EXPERIENCE

- Dhee Coding Lab** Bangalore
Java Full Stack Development Trainee Dec 2025 – Present
- Backend & Architecture: Engaging in intensive training focused on end-to-end web application development, backend logic, and structured database design.
 - Industry Workflows: Developing projects using Git for version control and collaborating in environment structures that mirror professional Agile and SDLC (Software Development Life Cycle) frameworks.

PROJECTS

- HealthCare System :** [Project GitHub Link](#)
- Designed and developed a modular, scalable Healthcare Management System using Java OOP to streamline hospital operations
 - Implemented secure Patient Registration & Records in SQL and integrated Real-Time Appointment Booking with Identity Management and role-based access control.
 - Managed application environments by monitoring performance, troubleshooting database connection pools, and documenting deployment processes.
Tech : Java, SQL, JSP.
- Co-Founder Finder Application** Feb 2026 – Mar 2026
- Developed a full-stack platform for entrepreneurs and developers to connect and launch startup ideas.
 - Built a smart filtering system using MongoDB to match users based on complementary skills and interests.
 - Implemented secure user authentication (JWT) and responsive profile dashboards using Tailwind CSS.
 - Deployed the complete MERN application on Vercel with a cloud-hosted MongoDB Atlas database.
Tech : React.js, Node.js, Express.js, MongoDB, Tailwind CSS. [Click Here: Co Founder-Finder is live](#)

HACKATHONS & ACHIEVEMENTS

- Competitive Programming Achievement** Active
 - Solved **100+ algorithmic and data structure problems** on LeetCode using Java to enhance analytical skills.
- AI4Life Hackathon 2026 - 1st Runner-up Winner** Feb 2026
IISER Tirupati 5,000 Cash Prize
 - Secured 2nd place for "Smart Agri AI," an agricultural decision-support system.
 - Frontend Lead:** Designed a React.js dashboard to visualize AI-based pest and yield analytics.
- Anveshan – South Zone Research Convention** Dec 2025
Association of Indian Universities (AIU) VIT-AP University
 - Selected as South Zone representative to present innovative research and solutions.
